A UGC sponsored Two Day National Conference on "Current trends in Chemical Biology" (CTCB-2015) was inaugurated by Prof. S.N. Hegde, Former Vice-Chancellor of University of Mysore, Mysuru. In his inaugural address he said that several transformations need to be made in the field of Chemical and Biological sciences and other interdisciplinary domains. He also spoke about the role of chemistry and biology in the overall development of fundamental research ultimately for the benefit of the society.

Prof. K.S. Rangappa, Hon'ble Vice-Chancellor, University of Mysore, Mysuru, presided over the function. In his presidential remarks he reminded that Chemical sciences and Biological sciences are the two principal and dominant domains in the field of drug discovery research. As a chemist and chemical biologist Prof. K.S. Rangappa highlighted the outcome of research on the recent drugs further he said that there is a wide scope for research in the field of chemical biology. Researches should make use of chemical biology and other related disciplines established in the University of Mysore.

Prof. B.V. Sambashivaiah, Chief Executive of the college welcomed the dignitaries & gathering, Pallavi and team rendered the invocation and the programme was compered by Dr. Rajendra Prasad.

Prof. M.B. Mallikarjuna Pandit, Principal, JSS College of Arts, Commerce and Science, proposed vote of thanks.

.....2

60 faculty members, 53 researchers from all over the state and over 100 students of the college and other institutions have participated.

On 2nd and 3rd of March 2 Oral Presentations, Poster Presentation and 5 Technical Sessions, are planned. The details are as follows:

Technical Session	Topic	Resource Person
I	The role of Analytical Chemistry in Drug discovery and development	Dr. Arun Kumar Senior Manager SABIC Technology Centre Bengaluru
II	The Economics of Generic Drugs	Dr. Siddegowda Apotex Pharmachem India Pvt. Ltd. Bengaluru
III	Biological applications of Infrared Spectroscopy	Dr. V.A. Sajeew Kumar Scientist E, DFRL, Mysuru
IV	Nanomaterials – from design to applications	Dr. Suresh G.S Dept. of Chemistry & Research Centre, NMKRV College for Women, Jayanagara
V	High Throughput Screening – A Technological Progress in Lead Discovery	Dr. B. Veeresh Dept. of Pharmacology G Pullareddy College of Pharmacy Mehdipatnam Hyderabad, India
